

## Round 4 Wrap

Coming from the Nozomi Shinkansen in Tokyo (Japanese Bullet Train), I have put together the Round 4 wrap. First week of league matches commenced and the Eliminator is due to commence this weekend. As of Round 5 I will look to introduce a table of all the popular rookies. I will place these separately at the top as I do with the Top 10 and you can see their current prices, starting prices, expected peak prices, breakevens and if they have peaked already. This will help you to know when to offload those cash cows without searching for each rookie individually under the team sheets. Good luck for Round 5 and the Eliminator.
